(Referred to herein as the "Group Policy")
Certificate Form No: GCERT10-CI
(Referred to herein as the "Certificate")

CRITICAL ILLNESS INSURANCE OUTLINE OF COVERAGE

Critical Illness Insurance coverage is provided under a Group Policy that has been issued to Your Employer. One certificate is issued to each employee who is covered under the Group Policy. The Group Policy is a **LIMITED POLICY**. An employee applying for coverage under the Group Policy is referred to herein as "you" or "your".

The certificate provides critical illness coverage ONLY. It does not provide Medicare Supplement Coverage. Subject to the provisions of the certificate, including limitations, exclusions and submission of proof of a covered condition, the certificate provides limited benefits in the event that a covered person is Diagnosed with certain specified diseases, or has certain surgical procedures performed. It is also important to note that the receipt of benefits under a certificate may affect eligibility for Medicaid or other governmental benefits and entitlements. Accordingly, persons who wish to maintain eligibility for such benefits should not purchase the coverage made available under the Group Policy without consulting a legal advisor.

- 1) READ YOUR CERTIFICATE CAREFULLY** – This outline of coverage provides a very brief description of the important features of the group insurance coverage provided by the Group Policy and certificate. This is not the insurance contract and only the actual provisions of the Group Policy and certificate under which you have coverage will control. Each certificate sets forth in detail the rights and obligations of both you and MetLife under the certificate. It is, therefore, important that you **READ YOUR CERTIFICATE CAREFULLY!**
- 2) CRITICAL ILLNESS INSURANCE COVERAGE** – Policies of this category are designed to provide a lump sum payment if the covered person is Diagnosed with certain specified diseases for the first time after insurance takes effect under the Group Policy, or if you have certain specified surgeries for the first time after insurance takes effect under the Group Policy.
- 3) MEDICAL COVERAGE** – The Policy does NOT provide any type of medical coverage and is not a substitute for medical coverage or disability insurance. You should have medical insurance in place when you apply for coverage under the Group Policy.

CRITICAL ILLNESS INSURANCE OUTLINE OF COVERAGE

Critical Illness Insurance coverage is provided under a Group Policy that has been issued to Your Employer. One Certificate is issued to each employee who is covered under the Group Policy. The Group Policy is a **LIMITED POLICY**. An employee applying for coverage under the Group Policy is referred to herein as "you" or "your".

This is a supplement to health insurance. It is not a substitute for hospital or medical expense insurance, a health maintenance organization (HMO) contract, or major medical expense insurance.

Subject to the provisions of the Group Policy and the Certificate, including limitations, exclusions and submission of proof of a Covered Condition, the Certificate provides a limited benefit in the event you are Diagnosed with certain specified diseases, or have certain surgical procedures performed. See the definitions of Full Benefit Cancer and Partial Benefit Cancer, and the exclusions that apply to Full Benefit Cancer and Partial Benefit Cancer in the section titled "Exclusions Related to Covered Conditions."

It is also important to note that the receipt of benefits under a certificate may affect eligibility for Medicaid or other governmental benefits and entitlements. Accordingly, persons who wish to maintain eligibility for such benefits should not purchase the coverage made available under the Group Policy without consulting a legal advisor.

- 1) READ YOUR CERTIFICATE CAREFULLY** – This outline of coverage provides a very brief description of the important features of the group insurance coverage provided by the Group Policy and Certificate. This is not the insurance contract and only the actual provisions of the Group Policy and Certificate under which you have coverage will control. - 2) CRITICAL ILLNESS INSURANCE COVERAGE** – Policies of this category are designed to provide a lump sum payment if the covered person is Diagnosed with certain specified diseases for the first

time after insurance takes effect under the Group Policy, or if you have certain specified surgeries for the first time after insurance takes effect under the Group Policy.

- 3) MEDICAL COVERAGE** – This is a supplement to health insurance. SPECIFIED DISEASE INSURANCE OUTLINE OF COVERAGE

Specified Disease Insurance coverage is provided under a Group Policy that has been issued to Your Employer. One certificate is issued to each employee who is covered under the Group Policy. The Group Policy is a **LIMITED POLICY**. An employee applying for coverage under the Group Policy is referred to herein as "you" or "your".

The certificate provides specified disease coverage **ONLY**. It does not provide Medicare Supplement Coverage. Subject to the provisions of the certificate, including limitations, exclusions and submission of proof of a covered condition, the certificate provides limited benefits in the event that a covered person is Diagnosed with certain specified diseases, or has certain surgical procedures performed. It is also important to note that the receipt of benefits under a certificate may affect eligibility for Medicaid or other governmental benefits and entitlements. Accordingly, persons who wish to maintain eligibility for such benefits should not purchase the coverage made available under the Group Policy without consulting a legal advisor.

- 1) READ YOUR CERTIFICATE CAREFULLY** – This outline of coverage provides a very brief description of the important features of the group insurance coverage provided by the Group Policy and certificate. This is not the insurance contract and only the actual provisions of the Group Policy and certificate under which you have coverage will control. Each certificate sets forth in detail the rights and obligations of both you and MetLife under the certificate. It is, therefore, important that you **READ YOUR CERTIFICATE CAREFULLY!**
- 2) SPECIFIED DISEASE INSURANCE COVERAGE** – Policies of this category are designed to provide a lump sum payment if the covered person is Diagnosed with certain specified diseases for the first time after insurance takes effect under the Group Policy, or if you have certain specified surgeries for the first time after insurance takes effect under the Group Policy.

CRITICAL ILLNESS INSURANCE OUTLINE OF COVERAGE

Critical Illness Insurance coverage is provided under a Group Policy that has been issued to Your Employer. One certificate is issued to each employee who is covered under the Group Policy. The Group Policy is a **LIMITED POLICY**. An employee applying for coverage under the Group Policy is referred to herein as "you" or "your".

The certificate provides critical illness coverage ONLY. It does not provide Medicare Supplement Coverage. Subject to the provisions of the certificate, including limitations, exclusions and submission of proof of a covered condition, the certificate provides limited benefits in the event that a covered person is Diagnosed with certain specified diseases, or has certain surgical procedures performed. It is also important to note that the receipt of benefits under a certificate may affect eligibility for Medicaid or other governmental benefits and entitlements. Accordingly, persons who wish to maintain eligibility for such benefits should not purchase the coverage made available under the Group Policy without consulting a legal advisor.

- 1) READ YOUR CERTIFICATE CAREFULLY** – This outline of coverage provides a very brief description of the important features of the group insurance coverage provided by the Group Policy and certificate. This is not the insurance contract and only the actual provisions of the Group Policy and certificate under which you have coverage will control. Each certificate sets forth in detail the rights and obligations of both you and MetLife under the certificate. It is, therefore, important that you **READ YOUR CERTIFICATE CAREFULLY!**
- 2) CRITICAL ILLNESS INSURANCE COVERAGE** – Policies of this category are designed to provide a lump sum payment if the covered person is Diagnosed with certain specified diseases for the first time after insurance takes effect under the Group Policy, or if you have certain specified surgeries for the first time after insurance takes effect under the Group Policy.
- 3) MEDICAL COVERAGE** – The Policy does NOT provide any type of medical coverage and is not a substitute for medical coverage or disability insurance. You should have medical insurance in place when you apply for coverage under the Group Policy.

LIMITED BENEFIT CRITICAL ILLNESS INSURANCE OUTLINE OF COVERAGE

Critical Illness Insurance coverage is provided under a Group Policy that has been issued to Your Employer. One certificate is issued to each employee who is covered under the Group Policy. The Group Policy is a **LIMITED POLICY**. An employee applying for coverage under the Group Policy is referred to herein as "you" or "your".

The certificate provides limited benefit critical illness coverage **ONLY**. It does not provide Medicare Supplement Coverage. Subject to the provisions of the certificate, including limitations, exclusions and submission of proof of a covered condition, the certificate provides limited benefits in the event that a covered person is Diagnosed with certain specified diseases, or has certain surgical procedures performed. It is also important to note that the receipt of benefits under a certificate may affect eligibility for Medicaid or other governmental benefits and entitlements. Accordingly, persons who wish to maintain eligibility for such benefits should not purchase the coverage made available under the Group Policy without consulting a legal advisor.

- 1) READ YOUR CERTIFICATE CAREFULLY** – This outline of coverage provides a very brief description of the important features of the group insurance coverage provided by the Group Policy and certificate. This is not the insurance contract and only the actual provisions of the Group Policy and certificate under which you have coverage will control. Each certificate sets forth in detail the rights and obligations of both you and MetLife under the certificate. It is, therefore, important that you **READ YOUR CERTIFICATE CAREFULLY!**
- 2) CRITICAL ILLNESS INSURANCE COVERAGE** – Policies of this category are designed to provide a lump sum payment if the covered person is Diagnosed with certain specified diseases for the first time after insurance takes effect under the Group Policy, or if you have certain specified surgeries for the first time after insurance takes effect under the Group Policy.
- 3) MEDICAL COVERAGE** – The Policy does NOT provide any type of medical coverage and is not a substitute for medical coverage or disability insurance. You should have medical insurance in place when you apply for coverage under the Group Policy.

CRITICAL ILLNESS INSURANCE OUTLINE OF COVERAGE

Critical Illness Insurance coverage is provided under a Group Policy that has been issued to Your Employer. One certificate is issued to each employee who is covered under the Group Policy. The Group Policy is a **LIMITED POLICY**. An employee applying for coverage under the Group Policy is referred to herein as "you" or "your".

The certificate provides critical illness coverage ONLY. It does not provide Medicare Supplement Coverage. Subject to the provisions of the certificate, including limitations, exclusions and submission of proof of a covered condition, the certificate provides limited benefits in the event that a covered person is Diagnosed with certain specified diseases, or has certain surgical procedures performed. It is also important to note that the receipt of benefits under a certificate may affect eligibility for Medicaid or other governmental benefits and entitlements. Accordingly, persons who wish to maintain eligibility for such benefits should not purchase the coverage made available under the Group Policy without consulting a legal advisor.

- 1) READ YOUR CERTIFICATE CAREFULLY** – This outline of coverage provides a very brief description of the important features of the group insurance coverage provided by the Group Policy and certificate. This is not the insurance contract and only the actual provisions of the Group Policy and certificate under which you have coverage will control. Each certificate sets forth in detail the rights and obligations of both you and MetLife under the certificate. It is, therefore, important that you **READ YOUR CERTIFICATE CAREFULLY!**
- 2) CRITICAL ILLNESS INSURANCE COVERAGE** – Policies of this category are designed to provide a lump sum payment if the covered person is Diagnosed with certain specified diseases for the first time after insurance takes effect under the Group Policy, or if you have certain specified surgeries for the first time after insurance takes effect under the Group Policy.
- 3) MEDICAL COVERAGE** – The Policy does NOT provide any type of medical coverage and is not a substitute for medical coverage or disability insurance. You should have medical insurance in place when you apply for coverage under the Group Policy.

CRITICAL ILLNESS INSURANCE OUTLINE OF COVERAGE

Critical Illness Insurance coverage is provided under a Group Policy that has been issued to Your Employer. One certificate is issued to each employee who is covered under the Group Policy. The Group Policy is a **LIMITED POLICY**. An employee applying for coverage under the Group Policy is referred to herein as "you" or "your".

The certificate provides critical illness coverage ONLY. It does not provide Medicare Supplement Coverage. Subject to the provisions of the certificate, including limitations, exclusions and submission of proof of a covered condition, the certificate provides limited benefits in the event that a covered person is Diagnosed with certain specified diseases, or has certain surgical procedures performed. It is also important to note that the receipt of benefits under a certificate may affect eligibility for Medicaid or other governmental benefits and entitlements. Accordingly, persons who wish to maintain eligibility for such benefits should not purchase the coverage made available under the Group Policy without consulting a legal advisor.

- 1) READ YOUR CERTIFICATE CAREFULLY** – This outline of coverage provides a very brief description of the important features of the group insurance coverage provided by the Group Policy and certificate. This is not the insurance contract and only the actual provisions of the Group Policy and certificate under which you have coverage will control. Each certificate sets forth in detail the rights and obligations of both you and MetLife under the certificate. It is, therefore, important that you **READ YOUR CERTIFICATE CAREFULLY!**
- 2) CRITICAL ILLNESS INSURANCE COVERAGE** – Policies of this category are designed to provide a lump sum payment if the covered person is Diagnosed with certain specified diseases for the first time after insurance takes effect under the Group Policy, or if you have certain specified surgeries for the first time after insurance takes effect under the Group Policy.
- 3) MEDICAL COVERAGE** – The Policy does NOT provide any type of medical coverage and is not a substitute for medical coverage or disability insurance. You should have medical insurance in place when you apply for coverage under the Group Policy.

CRITICAL ILLNESS INSURANCE OUTLINE OF COVERAGE

Critical Illness Insurance coverage is provided under a Group Policy that has been issued to Your Employer. One certificate is issued to each employee who is covered under the Group Policy. The Group Policy is a **LIMITED POLICY**. An employee applying for coverage under the Group Policy is referred to herein as "you" or "your".

The certificate provides critical illness coverage ONLY. It does not provide Medicare Supplement Coverage. Subject to the provisions of the certificate, including limitations, exclusions and submission of proof of a covered condition, the certificate provides limited benefits in the event that a covered person is Diagnosed with certain specified diseases, or has certain surgical procedures performed. It is also important to note that the receipt of benefits under a certificate may affect eligibility for Medicaid or other governmental benefits and entitlements. Accordingly, persons who wish to maintain eligibility for such benefits should not purchase the coverage made available under the Group Policy without consulting a legal advisor.

- 1) READ YOUR CERTIFICATE CAREFULLY** – This outline of coverage provides a very brief description of the important features of the group insurance coverage provided by the Group Policy and certificate. This is not the insurance contract and only the actual provisions of the Group Policy and certificate under which you have coverage will control. Each certificate sets forth in detail the rights and obligations of both you and MetLife under the certificate. It is, therefore, important that you **READ YOUR CERTIFICATE CAREFULLY!**
- 2) CRITICAL ILLNESS INSURANCE COVERAGE** – Policies of this category are designed to provide a lump sum payment if the covered person is Diagnosed with certain specified diseases for the first time after insurance takes effect under the Group Policy, or if you have certain specified surgeries for the first time after insurance takes effect under the Group Policy.
- 3) MEDICAL COVERAGE** – The Policy does NOT provide any type of medical coverage and is not a substitute for medical coverage or disability insurance. You should have medical insurance in place when you apply for coverage under the Group Policy.

CRITICAL ILLNESS INSURANCE OUTLINE OF COVERAGE

Critical Illness Insurance coverage is provided under a Group Policy that has been issued to Your Employer. One certificate is issued to each employee who is covered under the Group Policy. The Group Policy is a **LIMITED POLICY**. An employee applying for coverage under the Group Policy is referred to herein as "you" or "your".

The certificate provides critical illness coverage ONLY. It does not provide Medicare Supplement Coverage. Subject to the provisions of the certificate, including limitations, exclusions and submission of proof of a covered condition, the certificate provides limited benefits in the event that a covered person is Diagnosed with certain specified diseases, or has certain surgical procedures performed. It is also important to note that the receipt of benefits under a certificate may affect eligibility for Medicaid or other governmental benefits and entitlements. Accordingly, persons who wish to maintain eligibility for such benefits should not purchase the coverage made available under the Group Policy without consulting a legal advisor.

- 1) READ YOUR CERTIFICATE CAREFULLY** – This outline of coverage provides a very brief description of the important features of the group insurance coverage provided by the Group Policy and certificate. This is not the insurance contract and only the actual provisions of the Group Policy and certificate under which you have coverage will control. Each certificate sets forth in detail the rights and obligations of both you and MetLife under the certificate. It is, therefore, important that you **READ YOUR CERTIFICATE CAREFULLY!**
- 2) CRITICAL ILLNESS INSURANCE COVERAGE** – Policies of this category are designed to provide a lump sum payment if the covered person is Diagnosed with certain specified diseases for the first time after insurance takes effect under the Group Policy, or if you have certain specified surgeries for the first time after insurance takes effect under the Group Policy.
- 3) MEDICAL COVERAGE** – The Policy does NOT provide any type of medical coverage and is not a substitute for medical coverage or disability insurance. You should have medical insurance in place when you apply for coverage under the Group Policy.

(Referred to herein as the "Group Policy")
Certificate Form No: GCERT10-CI
(Referred to herein as the "Certificate")**

CRITICAL ILLNESS INSURANCE OUTLINE OF COVERAGE

Critical Illness Insurance coverage is provided under a Group Policy that has been issued to Your Employer. One certificate is issued to each employee who is covered under the Group Policy. The Group Policy is a **LIMITED POLICY**. An employee applying for coverage under the Group Policy is referred to herein as "you" or "your".

The certificate provides critical illness coverage ONLY. It does not provide Medicare Supplement Coverage. Subject to the provisions of the certificate, including limitations, exclusions and submission of proof of a covered condition, the certificate provides limited benefits in the event that a covered person is Diagnosed with certain specified diseases, or has certain surgical procedures performed. It is also important to note that the receipt of benefits under a certificate may affect eligibility for Medicaid or other governmental benefits and entitlements. Accordingly, persons who wish to maintain eligibility for such benefits should not purchase the coverage made available under the Group Policy without consulting a legal advisor.

- 1) READ YOUR CERTIFICATE CAREFULLY** – This outline of coverage provides a very brief description of the important features of the group insurance coverage provided by the Group Policy and certificate. This is not the insurance contract and only the actual provisions of the Group Policy and certificate under which you have coverage will control. Each certificate sets forth in detail the rights and obligations of both you and MetLife under the certificate. It is, therefore, important that you **READ YOUR CERTIFICATE CAREFULLY!**
- 2) CRITICAL ILLNESS INSURANCE COVERAGE** – Policies of this category are designed to provide a lump sum payment if the covered person is Diagnosed with certain specified diseases for the first time after insurance takes effect under the Group Policy, or if you have certain specified surgeries for the first time after insurance takes effect under the Group Policy.
- 3) MEDICAL COVERAGE** – The Policy does NOT provide any type of medical coverage and is not a substitute for medical coverage or disability insurance. You should have medical insurance in place when you apply for coverage under the Group Policy.

CANCER AND SPECIFIED DISEASES INSURANCE OUTLINE OF COVERAGE

NO RECOVERY FOR PRE-EXISTING DIAGNOSED CANCER – READ CAREFULLY. No benefits will be provided under the Certificate for cancer that is diagnosed before the 30th day after the effective date of the coverage.

IMPORTANT CANCELLATION INFORMATION: Please read Section 9 of this Outline of Coverage titled "When Insurance Ends" found on page 11.

Cancer and Specified Diseases Insurance coverage is provided under a Group Policy that has been issued to Your Employer. One certificate is issued to each employee who is covered under the Group Policy. The Group Policy is a **LIMITED POLICY**. An employee applying for coverage under the Group Policy is referred to herein as "you" or "your".

THE CERTIFICATE IS NOT A MEDICARE SUPPLEMENT CERTIFICATE. If you are eligible for Medicare, review the Guide to Health Insurance for People with Medicare, which is available from MetLife. The certificate provides cancer and specified diseases coverage only. It does not provide Medicare Supplement Coverage. Subject to the provisions of the certificate, including limitations, exclusions and submission of proof of a covered condition, the certificate provides limited benefits in the event that a covered person is Diagnosed with certain specified diseases, or has certain surgical procedures performed. It is also important to note that the receipt of benefits under a certificate may affect eligibility for Medicaid or other governmental benefits and entitlements. Accordingly, persons who wish to maintain eligibility for such benefits should not purchase the coverage made available under the Group Policy without consulting a legal advisor.

1) READ YOUR CERTIFICATE CAREFULLY – This outline of coverage provides a very brief description of the important features of the group insurance coverage provided by the Group Policy and certificate. This is not the insurance contract and only the actual provisions of the Group Policy and certificate under which you have coverage will control. Each certificate sets forth in detail the rights and obligations of both you and MetLife under the certificate. It is, therefore, important that you **READ YOUR CERTIFICATE CAREFULLY!**

2) CANCER AND SPECIFIED DISEASES INSURANCE COVERAGE – Policies of this category are designed to provide a lump sum payment if the covered person is Diagnosed with certain specified

diseases for the first time after insurance takes effect under the Group Policy, or if you have certain specified surgeries for the first time after insurance takes effect under the Group Policy.

- 3) MEDICAL COVERAGE** – The Policy does NOT provide any type of medical coverage and is not a substitute for medical coverage or disability insurance. You should have medical insurance in place when you apply for coverage under the Group Policy.

Subject to the provisions of the Certificate, including limitations, exclusions and submission of proof of a Covered Condition, the Certificate provides limited benefits in the event that a covered person is Diagnosed with certain specified diseases, or has certain surgical procedures performed. It is also important to note that the receipt of benefits under a Certificate may affect eligibility for Medicaid or other governmental benefits and entitlements. Accordingly, persons who wish to maintain eligibility for such benefits should not purchase the coverage made available under the Group Policy without consulting a legal advisor.

- 1)** This coverage is designed only as a supplement to a comprehensive health insurance policy and should not be purchased unless you have this underlying coverage. Persons covered under Medicaid should not purchase it. Read the Buyer's Guide to Specified Disease Insurance to review the possible limits on benefits in this type of coverage.
- 2) READ YOUR CERTIFICATE CAREFULLY** – This outline of coverage provides a very brief description of the important features of the group insurance coverage provided by the Group Policy and Certificate. This is not the insurance contract and only the actual provisions of the Group Policy and Certificate under which you have coverage will control. Each Certificate sets forth in detail the rights and obligations of both you and MetLife under the Certificate. It is, therefore, important that you **READ YOUR CERTIFICATE CAREFULLY!**
- 3) CRITICAL ILLNESS INSURANCE COVERAGE** – Policies of this category are designed to provide to persons insured, restricted coverage payment benefits ONLY when certain losses occur as a result

of critical illness. Coverage is not provided for basic hospital, basic medical-surgical, or major medical expense. Policies of this category are designed to provide a lump sum payment if the covered person is Diagnosed with certain specified diseases for the first time after insurance takes effect under the Group Policy, or if you have certain specified surgeries for the first time after insurance takes effect under the Group Policy.

- 4) MEDICAL COVERAGE** – The Policy does NOT provide any type of medical coverage and is not a substitute for medical coverage or disability insurance. You should have medical insurance in place when you apply for coverage under the Group Policy.

(Referred to herein as the "Group Policy")
Certificate Form No: GCERT10-CI
(Referred to herein as the "Certificate")

CRITICAL ILLNESS INSURANCE OUTLINE OF COVERAGE

Critical Illness Insurance coverage is provided under a Group Policy that has been issued to Your Employer. One certificate is issued to each employee who is covered under the Group Policy. The Group Policy is a **LIMITED POLICY**. An employee applying for coverage under the Group Policy is referred to herein as "you" or "your".

The certificate provides critical illness coverage ONLY. It does not provide Medicare Supplement Coverage. Subject to the provisions of the certificate, including limitations, exclusions and submission of proof of a covered condition, the certificate provides limited benefits in the event that a covered person is Diagnosed with certain specified diseases, or has certain surgical procedures performed. It is also important to note that the receipt of benefits under a certificate may affect eligibility for Medicaid or other governmental benefits and entitlements. Accordingly, persons who wish to maintain eligibility for such benefits should not purchase the coverage made available under the Group Policy without consulting a legal advisor.

- 1) READ YOUR CERTIFICATE CAREFULLY** – This outline of coverage provides a very brief description of the important features of the group insurance coverage provided by the Group Policy and certificate. This is not the insurance contract and only the actual provisions of the Group Policy and certificate under which you have coverage will control. Each certificate sets forth in detail the rights and obligations of both you and MetLife under the certificate. It is, therefore, important that you **READ YOUR CERTIFICATE CAREFULLY!**
- 2) CRITICAL ILLNESS INSURANCE COVERAGE** – Policies of this category are designed to provide a lump sum payment if the covered person is Diagnosed with certain specified diseases for the first time after insurance takes effect under the Group Policy, or if you have certain specified surgeries for the first time after insurance takes effect under the Group Policy.
- 3) MEDICAL COVERAGE** – The Policy does NOT provide any type of medical coverage and is not a substitute for medical coverage or disability insurance. You should have medical insurance in place when you apply for coverage under the Group Policy.

(Referred to herein as the "Group Policy")
Certificate Form No: GCERT10-CI
(Referred to herein as the "Certificate")

CRITICAL ILLNESS INSURANCE OUTLINE OF COVERAGE

Critical Illness Insurance coverage is provided under a Group Policy that has been issued to Your Employer. One certificate is issued to each employee who is covered under the Group Policy. The Group Policy is a **LIMITED POLICY**. An employee applying for coverage under the Group Policy is referred to herein as "you" or "your".

The certificate provides critical illness coverage ONLY. It does not provide Medicare Supplement Coverage. Subject to the provisions of the certificate, including limitations, exclusions and submission of proof of a covered condition, the certificate provides limited benefits in the event that a covered person is Diagnosed with certain specified diseases, or has certain surgical procedures performed. It is also important to note that the receipt of benefits under a certificate may affect eligibility for Medicaid or other governmental benefits and entitlements. Accordingly, persons who wish to maintain eligibility for such benefits should not purchase the coverage made available under the Group Policy without consulting a legal advisor.

- 1) READ YOUR CERTIFICATE CAREFULLY** – This outline of coverage provides a very brief description of the important features of the group insurance coverage provided by the Group Policy and certificate. This is not the insurance contract and only the actual provisions of the Group Policy and certificate under which you have coverage will control. Each certificate sets forth in detail the rights and obligations of both you and MetLife under the certificate. It is, therefore, important that you **READ YOUR CERTIFICATE CAREFULLY!**
- 2) CRITICAL ILLNESS INSURANCE COVERAGE** – Policies of this category are designed to provide a lump sum payment if the covered person is Diagnosed with certain specified diseases for the first time after insurance takes effect under the Group Policy, or if you have certain specified surgeries for the first time after insurance takes effect under the Group Policy.
- 3) MEDICAL COVERAGE** – The Policy does NOT provide any type of medical coverage and is not a substitute for medical coverage or disability insurance. You should have medical insurance in place when you apply for coverage under the Group Policy.

CRITICAL ILLNESS INSURANCE OUTLINE OF COVERAGE

Critical Illness Insurance coverage is provided under a Group Policy that has been issued to Your Employer. One certificate is issued to each employee who is covered under the Group Policy. The Group Policy is a **LIMITED POLICY**. An employee applying for coverage under the Group Policy is referred to herein as "you" or "your".

The certificate provides critical illness coverage ONLY. It does not provide Medicare Supplement Coverage. Subject to the provisions of the certificate, including limitations, exclusions and submission of proof of a covered condition, the certificate provides limited benefits in the event that a covered person is Diagnosed with certain specified diseases, or has certain surgical procedures performed. It is also important to note that the receipt of benefits under a certificate may affect eligibility for Medicaid or other governmental benefits and entitlements. Accordingly, persons who wish to maintain eligibility for such benefits should not purchase the coverage made available under the Group Policy without consulting a legal advisor.

THIS IS NOT A POLICY OF WORKERS' COMPENSATION INSURANCE. THE EMPLOYER DOES NOT BECOME A SUBSCRIBER TO THE WORKERS' COMPENSATION SYSTEM BY PURCHASING THIS POLICY, AND IF THE EMPLOYER IS A NON-SUBSCRIBER, THE EMPLOYER LOSES THOSE BENEFITS WHICH WOULD OTHERWISE ACCRUE UNDER THE WORKERS' COMPENSATION LAWS. THE EMPLOYER MUST COMPLY WITH THE WORKERS' COMPENSATION LAW AS IT PERTAINS TO NON-SUBSCRIBERS AND THE REQUIRED NOTIFICATIONS THAT MUST BE FILED AND POSTED.

- 1) READ YOUR CERTIFICATE CAREFULLY** – This outline of coverage provides a very brief description of the important features of the group insurance coverage provided by the Group Policy and certificate. This is not the insurance contract and only the actual provisions of the Group Policy and certificate under which you have coverage will control. Each certificate sets forth in detail the rights and obligations of both you and MetLife under the certificate. It is, therefore, important that you **READ YOUR CERTIFICATE CAREFULLY!**
- 2) CRITICAL ILLNESS INSURANCE COVERAGE** – Policies of this category are designed to provide a lump sum payment if the covered person is Diagnosed with certain specified diseases for the first time after insurance takes effect under the Group Policy, or if you have certain specified surgeries for the first time after insurance takes effect under the Group Policy.

- 3) MEDICAL COVERAGE** – The Policy does NOT provide any type of medical coverage and is not a substitute for medical coverage or disability insurance. You should have medical insurance in place when you apply for coverage under the Group Policy.

LIMITED BENEFIT INSURANCE OUTLINE OF COVERAGE

Limited Benefit Insurance coverage is provided under a Group Policy that has been issued to Your Employer. One certificate is issued to each employee who is covered under the Group Policy. The Group Policy is a **LIMITED POLICY**. An employee applying for coverage under the Group Policy is referred to herein as "you" or "your".

The certificate provides limited benefit coverage **ONLY**. It does not provide Medicare Supplement Coverage. Subject to the provisions of the certificate, including limitations, exclusions and submission of proof of a covered condition, the certificate provides limited benefits in the event that a covered person is Diagnosed with certain specified diseases, or has certain surgical procedures performed. It is also important to note that the receipt of benefits under a certificate may affect eligibility for Medicaid or other governmental benefits and entitlements. Accordingly, persons who wish to maintain eligibility for such benefits should not purchase the coverage made available under the Group Policy without consulting a legal advisor.

- 1) READ YOUR CERTIFICATE CAREFULLY** – This outline of coverage provides a very brief description of the important features of the group insurance coverage provided by the Group Policy and certificate. This is not the insurance contract and only the actual provisions of the Group Policy and certificate under which you have coverage will control. Each certificate sets forth in detail the rights and obligations of both you and MetLife under the certificate. It is, therefore, important that you **READ YOUR CERTIFICATE CAREFULLY!**
- 2) LIMITED BENEFIT INSURANCE COVERAGE** – Policies of this category are designed to provide a lump sum payment if the covered person is Diagnosed with certain specified diseases for the first time after insurance takes effect under the Group Policy, or if you have certain specified surgeries for the first time after insurance takes effect under the Group Policy.
- 3) MEDICAL COVERAGE** – The Policy does NOT provide any type of medical coverage and is not a substitute for medical coverage or disability insurance. You should have medical insurance in place when you apply for coverage under the Group Policy.

CRITICAL ILLNESS INSURANCE OUTLINE OF COVERAGE

Critical Illness Insurance coverage is provided under a Group Policy that has been issued to Your Employer. One certificate is issued to each employee who is covered under the Group Policy. The Group Policy is a **LIMITED POLICY**. An employee applying for coverage under the Group Policy is referred to herein as "you" or "your".

The certificate provides critical illness coverage ONLY. It does not provide Medicare Supplement Coverage. It is also important to note that the receipt of benefits under a certificate may affect eligibility for Medicaid or other governmental benefits and entitlements. Accordingly, persons who wish to maintain eligibility for such benefits should not purchase the coverage made available under the Group Policy without consulting a legal advisor.

- 1) READ YOUR CERTIFICATE CAREFULLY** – This outline of coverage provides a very brief description of the important features of the group insurance coverage provided by the Group Policy and certificate. This is not the insurance contract and only the actual provisions of the Group Policy and certificate under which you have coverage will control. Each certificate sets forth in detail the rights and obligations of both you and MetLife under the certificate. It is, therefore, important that you **READ YOUR CERTIFICATE CAREFULLY!**
- 2) CRITICAL ILLNESS INSURANCE COVERAGE** – Policies of this category are designed to provide a lump sum payment if the covered person is Diagnosed with certain specified diseases for the first time after insurance takes effect under the Group Policy, or if you have certain specified surgeries for the first time after insurance takes effect under the Group Policy.

Certificate Form No: GCERT10-CI
(Referred to herein as the "Certificate")

CRITICAL ILLNESS INSURANCE OUTLINE OF COVERAGE

Critical Illness Insurance coverage is provided under a Group Policy that has been issued to Your Employer. One certificate is issued to each employee who is covered under the Group Policy. The Group Policy is a **LIMITED POLICY**. An employee applying for coverage under the Group Policy is referred to herein as "you" or "your".

The certificate provides critical illness coverage ONLY. It does not provide Medicare Supplement Coverage. Subject to the provisions of the certificate, including limitations, exclusions and submission of proof of a covered condition, the certificate provides limited benefits in the event that a covered person is Diagnosed with certain specified diseases, or has certain surgical procedures performed. It is also important to note that the receipt of benefits under a certificate may affect eligibility for Medicaid or other governmental benefits and entitlements. Accordingly, persons who wish to maintain eligibility for such benefits should not purchase the coverage made available under the Group Policy without consulting a legal advisor.

- 1) READ YOUR CERTIFICATE CAREFULLY** – This outline of coverage provides a very brief description of the important features of the group insurance coverage provided by the Group Policy and certificate. This is not the insurance contract and only the actual provisions of the Group Policy and certificate under which you have coverage will control. Each certificate sets forth in detail the rights and obligations of both you and MetLife under the certificate. It is, therefore, important that you **READ YOUR CERTIFICATE CAREFULLY!**
- 2) CRITICAL ILLNESS INSURANCE COVERAGE** – Policies of this category are designed to provide a lump sum payment if the covered person is Diagnosed with certain specified diseases for the first time after insurance takes effect under the Group Policy, or if you have certain specified surgeries for the first time after insurance takes effect under the Group Policy.
- 3) MEDICAL COVERAGE** – The Policy does NOT provide any type of medical coverage and is not a substitute for medical coverage or disability insurance. You should have medical insurance in place when you apply for coverage under the Group Policy.

We will reduce what we pay for a claim so that the amount we pay, when combined with amounts for all claims we have previously paid for the same covered person, does not exceed the Total Benefit Amount that was in effect for that covered person on the date of the most recent Covered Condition. This provision does not apply to claim payments for Supplemental Benefits.

8) DEPENDENT INSURANCE

When you apply for insurance for yourself, you may also apply for coverage for your Dependent(s). Dependent Insurance will take effect on the date we approve each Dependent for coverage except that our approval is not required for your newborn children. Once you have Dependent Insurance for at least one Dependent child, if another child becomes your dependent that child will automatically be covered. For complete dependent enrollment information, please consult the Certificate of Insurance.
